WHAT	WHY	HOW
Log in to DocumentCloud	User1: kursus1@kaasogmulvad.dk and a password, you'll get. User 2: kursus2@kaasogmulvad.dk And so on to 13. See mails on this webserver webmail.surftown.dk , same user and password.	www.documentcloud.org
Get Documents from Library in Google Drive	Download all files from here: http://kortlink.dk/gp52 Save them on your own PC/Mac	
Create a new project and upload all restricted documents to Document Cloud	Call the project your own name, then upload the PDF files and make them publicly available.	
Add two notes in two restricted documents	Find two central journalistic aspects in the documents and make notes on them to use it as evidence in a web version. Let the notes be public. Give them a title and explanatory text. Get the embed code. Send the code to the trainers: nils.mulvad@kaasogmulvad.dk . Or try to publish them on a website, if you have access to that.	
Analyze	If you got the time: Analyze the entire project in OverviewProject. Is there a useful pattern?
